

UltraClear® Medical Food

UltraClear is a naturally pure medical food to nutritionally support the management of chronic fatigue syndrome.

- Addresses altered energetic function.
- Provides nutrients that support hepatic detoxification processes.
- May be used on a long-term basis for individuals with chronic exposure to toxins.
- Supplies low-allergy-potential rice protein concentrate with added limiting essential amino acids L-lysine and L-threonine to increase the biological value of the protein.
- Provides high-molecular-weight rice dextrins as the carbohydrate source and medium-chain triglycerides as a source of readily absorbed and metabolized lipids.
- Comes with a Quick-Start Guide or a more comprehensive Patient Guide for complete program guidelines.
