

UltraClear PLUS® Medical Food

UltraClear PLUS is a medical food in powder form to nutritionally support the management of chronic fatigue syndrome and is designed for patients who may benefit from additional nutritional support for Phase II hepatic detoxification function.*

- Provides the same great macro- and micronutrient base formula and benefits as **UltraClear®**, but with added support for those people with low Phase II activities (Figure 5 on page 100).
- Features added glycine, taurine, sodium sulfate, and catechins from decaffeinated green tea to better support Phase II activities.
- Safe for long term use in individuals with chronic exposure to toxins.
- Available in **Original**, **Natural Berry**, and **Natural Pineapple Banana** flavors.
- Comes with a Quick-Start Guide or a more comprehensive Patient Guide for complete program guidelines.
